3.2.1 - Institution has created an ecosystem for innovations, Indian Knowledge System (IKS), including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of knowledge/technology and the outcomes of the same.

Considering the need of changing higher education scenario in India, Shivaji Shikshan Sanstha's Science & Commerce College (Night) has initiated a dynamic and responsive ecosystem for fostering innovations and facilitating the seamless transfer of knowledge.

Eco-system for Innovations:

Library: Our library, located in room 303 on the 3rd floor, during these limited hours, the library's physical resources and services are crucial, as there is no provision for an automated online system to extend its reach beyond these times. The library's collection includes a total of 5,029 books, categorized into 4,074 textbooks from various authors, 153 reference books, and 150 magazines. Additionally, the library Subscribes to two daily newspapers, Competitive exams periodicals providing users with access to current events and broader general knowledge.

Sr. No.	Name of the Newspaper	Language	2018-19	2019-20	2020-21	2021-22	2022-23
1	TIMES OF INDIA	ENGLISH	Y	Y	X	Y	Y
2	MAHARASHTRA TIMES	MARATHI	Y	Y	X	Y	Y

Computer Lab Facility: The College has 41 computers including both the computer labs: 30 in Computer Lab-I and 11 in Lab-II. These are used exclusively for B.Sc. (CS) practical but also support other programs. The students make use of computer labs for data collection and preparing report of field based project, which is a compulsory part of the course curriculum of all non-traditional professional courses.

Students Projects: Project Work is an essential component of curriculum for all non-traditional professional programmes and postgraduate programmes. Survey is an essential part of these projects. Students study theoretical aspects of research in Sem. VI and work on projects throughout the year. Each student is allotted a guide under whose supervision such projects are prepared. Submission of project is followed by viva conducted by an external referee. All these efforts on the part of students prepare researchers for future.

Intellectual property rights (IPR) awareness is a major area of attention at the college, making sure that staff, instructors, and students understand the value of safeguarding intellectual works. The institution educates the public on a range of IPR topics, such as patents, copyrights, and trademarks, through frequent workshops, seminars, and awareness campaigns. Our dedication to cultivating a thorough grasp of intellectual property is further demonstrated by the inclusion of IPR education in the curriculum and the provision of individualized support through a dedicated IPR cell.
