Report on Seminar held on Impact on Diet on Well Being Physical Well - Being.

The following report highlights essential aspects of nutrition and health, focusing on diverse topics crucial for well-being on 9th August 2018 with the Guest Speaker Ms Varsha Sawant from Brahmakumaris. It covers nutritional essentials necessary for optimal bodily functions, emphasizing the importance of essential nutrients. Additionally, it discusses effective weight management strategies, stressing the significance of maintaining a healthy weight through proper diet and nutrition. The report explores heart-healthy eating habits, detailing the relationship between diet, fats, cholesterol, and sodium in supporting heart health. Furthermore, it addresses gut health and digestion, emphasizing dietary choices rich in fiber and nutrients to promote digestive health. The report also delves into blood sugar regulation, offering practical tips on managing blood sugar levels through diet, particularly beneficial for individuals with diabetes. Additionally, it highlights nutrition's role in bone health, focusing on calcium, vitamin D, and other essential nutrients. Moreover, it examines diet's impact on brain health and cognitive function, including the benefits of omega-3 fatty acids and antioxidants. Lastly, the report discusses how diet influences mood and mental well-being, offering strategies for promoting emotional health and mental resilience through dietary choices.

Report on Seminar held on Impact on ICT - Cinema Viewing.

On October 3rd, 2018, Shivaji Shikshan Sanstha's Science & Commerce College (Night) hosted a seminar on "ICT - Cinema Viewing," featuring Mr. Chetan Mathur as the keynote speaker. The seminar provided a comprehensive exploration of cinema technology's evolution, tracing its journey from celluloid to the era of streaming platforms. Participants delved into the profound impact of Information and Communication Technology (ICT) on storytelling and narrative techniques, emphasizing how digital tools have transformed cinematic expression. The seminar also ventured into the realms of virtual reality (VR) and augmented reality (AR) within the film industry, highlighting their potential to revolutionize viewer experiences. Additionally, discussions revolved around the pivotal role of data analytics and artificial intelligence (AI) in enhancing film production and distribution strategies. The event fostered interactive discussions and featured hands-on demonstrations, allowing attendees to engage first hand with emerging technologies shaping the future of cinema.

Report on Seminar held on Skill Enhancement – GST.

On 12th February 2020, an online Skill Enhancement Program on GST was held via Zoom from 7 pm to 8 pm by CA Sunil Salvi. The session covered several key aspects of GST. Attendees gained a comprehensive understanding of GST fundamentals, including its legal framework, tax rates, and compliance requirements. Practical application skills were enhanced through real-world case studies and interactive exercises, enabling participants to implement and comply with GST effectively. The program also focused on staying updated with the latest developments and amendments in GST laws to ensure compliance and minimize risks. Additionally, strategies for optimizing tax planning and maximizing tax savings within the GST framework were discussed. The event provided a valuable opportunity for networking and collaboration, allowing participants to engage with industry experts and peers to exchange insights and share best practices. Overall, the program emphasized that enhancing skills in GST not only ensures compliance but also empowers individuals and businesses to navigate the dynamic landscape of taxation effectively.

Report on Seminar on Life Skill – Research the health effects of chemicals online.

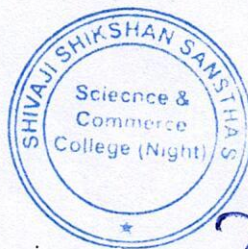

On 5th November 2020, Dr. Sushil Joshi conducted an online Zoom session from 7 pm to 8 pm titled "Life Skill - Researching the Health Effects of Chemicals." The primary purpose of this session was to equip participants with the skills needed to effectively research the health effects of chemicals using online resources. Dr. Joshi emphasized the importance of understanding the health impacts of chemicals to make informed decisions about personal health, safety, and environmental practices.

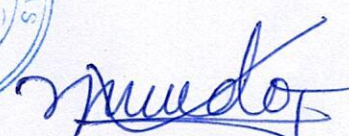

Key steps covered in the session included identifying the exact chemical name, including synonyms, and using reliable sources such as government and international health organizations (CDC, EPA, WHO, NIH), educational institutions, and scientific databases like PubMed and Google Scholar. Evaluating the credibility of sources was also highlighted, with a focus on checking author credentials, publication dates, avoiding biased sources, and preferring peer-reviewed articles.

Participants were taught to understand both the short-term and long-term health effects of chemicals by considering dosage, exposure levels, study context, and the populations studied. Additionally, Dr. Joshi advised checking regulatory information for guidelines and permissible exposure limits from agencies like the EPA, FDA, and OSHA. This comprehensive approach ensures thorough and accurate research, enabling better-informed decisions regarding chemical exposure and health.

Report on Language and Communication skills – Designing Slogan

Date : 6th December, 2020

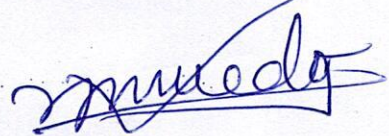

On 5th December 2020, Ms. Tejal Nare conducted an online Zoom session from 7 pm to 8 pm titled "Language and Communication Skills - Designing Slogans." The purpose of the session was to develop participants' abilities to create impactful and memorable slogans for marketing, social campaigns, and personal branding. Ms. Nare emphasized the importance of a well-crafted slogan in capturing attention, communicating a clear message, and establishing a memorable connection with the audience.

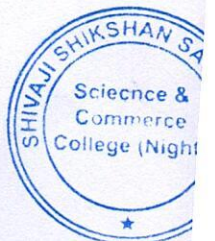

Key steps outlined during the session included understanding the target audience by identifying their demographics and preferences, and clarifying the message by focusing on a single, clear idea. Ms. Nare highlighted the need for brevity and simplicity to ensure easy recall, and the importance of making slogans memorable through catchy, rhythmic, or rhyming words and phrases. Aligning the slogan with the brand's voice and values was also stressed to reflect the brand identity accurately.

Additionally, creating an emotional connection using evocative language was discussed as a vital aspect of effective slogans. Ms. Nare advised testing the slogan's effectiveness by gathering feedback from a sample audience and refining it as needed. She also recommended utilizing online tools such as slogan generators and researching successful examples to enhance creativity and effectiveness in slogan design.

Report on Soft Skills – Tally and Accounts

Date : 28th February, 2021

On 27th February 2021, Mr. Abhijit Torne conducted an online Zoom session from 7 pm to 8 pm titled "Soft Skills - Tally & Accounts." The session aimed to develop participants' proficiency in using Tally for accounting tasks, which is essential for managing and maintaining accurate financial records. Mastery of Tally and accounting skills is critical for effective financial management, compliance, and informed decision-making in business.

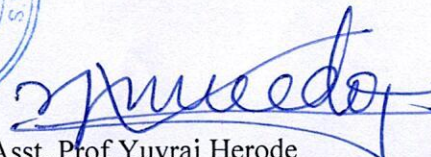

The key skills emphasized during the session included understanding basic accounting principles such as debits, credits, ledger accounts, and financial statements. Participants learned how to achieve proficiency in Tally through data entry, ledger maintenance, and financial report generation using the software. The session also covered the organization and management of financial data, and the generation of critical financial reports such as balance sheets and profit & loss statements.

Mr. Torne explained the importance of comprehending Goods and Services Tax (GST) and relevant tax laws. Other essential skills included bank reconciliation, matching financial records with bank statements, and maintaining inventory records, including stock entries and valuation. Additionally, participants were taught how to prepare budgets and financial forecasts for effective planning. The session concluded with a focus on understanding auditing processes, ensuring regulatory compliance, and developing problem-solving and analysis skills to identify and resolve financial discrepancies.

Report on Seminar held on Life Skill – The Value of Yoga in Life.

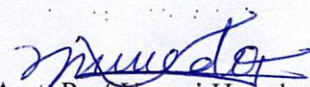

On 20th August 2021, Ms. Varsha Sawant conducted a session titled "Life Skills - The Value of Yoga in Life" from 7 pm to 8 pm in Room No. 307 of the college building. The session aimed to emphasize the benefits of incorporating yoga into daily life for physical, mental, and emotional well-being. Yoga, as a holistic practice, combines physical postures, breathing techniques, and meditation, offering a range of benefits that enhance overall health.

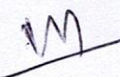

Ms. Sawant highlighted several key benefits of yoga. Physically, yoga increases flexibility, builds muscle strength, relieves chronic pain, improves cardiovascular health, and enhances respiratory efficiency. Mentally, it reduces stress, improves focus, and helps manage symptoms of anxiety and depression. Emotionally, yoga aids in regulating emotions, encourages mindfulness, and promotes positivity. It also contributes to spiritual growth by enhancing self-awareness and fostering inner peace.

Additionally, yoga leads to an improved lifestyle by improving sleep quality, encouraging healthy habits, and supporting holistic wellness. Ms. Sawant provided practical tips for integrating yoga into daily routines, such as starting with short sessions, establishing a regular practice schedule, exploring different styles, using online resources, listening to one's body, combining yoga with other wellness practices, and seeking guidance from certified instructors.

Report on ICT/Computing Skills - Shifts in Indian Economic Policy

On 30th November 2022, Mr. Manohar Pathre conducted a session on "ICT/Computing Skills - Shifts in Indian Economic Policy" from 7 pm to 8:30 pm in Room No. 307 of the college building. The session emphasized the importance of ICT skills in navigating and benefiting from significant shifts in Indian economic policy. Understanding these changes and having the necessary ICT skills are crucial for individuals and businesses to adapt, stay competitive, and capitalize on new opportunities in the evolving economic landscape of India.

Mr. Pathre highlighted key shifts in Indian economic policy, starting with the 1991 economic reforms that reduced government control, promoted private sector growth, and encouraged foreign investment. These changes increased competition and efficiency, making ICT skills essential for optimizing operations and exploring new business opportunities. The Digital India Initiative (2015) aimed to transform India into a digitally empowered society, boosting e-commerce, digital payments, and online services, all of which require strong ICT skills.

The Make in India campaign (2014) focused on boosting domestic manufacturing, increasing the need for ICT in manufacturing and supply chain management. The Start-up India Initiative (2016) supported innovation and entrepreneurship, leading to a growth of tech-based start-ups where ICT skills are vital. The GST implementation (2017) simplified the tax system, necessitating ICT skills for efficient tax management. The Atmanirbhar Bharat (Self-Reliant India) initiative (2020) aimed to promote self-sufficiency and local production, where ICT skills are key for developing local technologies. Additionally, the focus on renewable energy and sustainability has driven the growth of green technology, requiring ICT skills for managing sustainable solutions.

The role of ICT skills in these contexts includes data analysis for market trend analysis, digital marketing, cybersecurity, software development, cloud computing, networking, and project management. Practical tips for enhancing ICT skills include enrolling in online courses, staying updated with industry trends, networking, attending workshops, and gaining hands-on experience to apply skills in real-world scenarios.

Report on Seminar held on Language and Communication Skills:

Reading Newspapers and News Reports.

On 26th February 2022, Mr. Amir Ahemad Khan conducted a session on "Language and Communication Skills: Reading Newspapers and News Reports" from 7 pm to 8:30 pm in Room No. 307 of the college building. The session underscored the importance of reading newspapers and news reports as a fundamental way to enhance language and communication skills, offering numerous benefits.

Mr. Khan highlighted how exposure to diverse topics in news articles broadens vocabulary, introducing new words and expressions, and aiding in their contextual understanding. Regular reading of news reports improves grammatical accuracy and sentence structure by providing insights into proper syntax usage. Comprehension skills are honed as readers learn to extract key information, identify main ideas, and understand nuanced details within a text.

Additionally, analyzing news content cultivates critical thinking skills by encouraging readers to evaluate information, discern biases, and form well-founded opinions based on evidence. Exposure to various cultures, societies, and global issues through news fosters cultural awareness and empathy towards diverse perspectives. Staying updated on current events enhances conversational abilities and social interactions.

Mr. Khan also emphasized that well-written news articles serve as models for effective writing, aiding in the development of writing skills such as clarity, coherence, and conciseness. Regular engagement with news content promotes media literacy, empowering readers to discern credible sources from misinformation and navigate the digital landscape more effectively.

Report on Seminar held on Life Skill – Yoga Practice

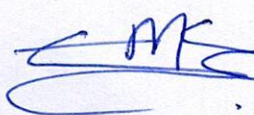

On 13th August 2022, Ms. Varsha Sawant conducted a session on "Life Skills - Yoga Practice" from 7 pm to 8:30 pm in Room No. 307 of the college building. The purpose of the session was to promote the practice of yoga for holistic well-being among community members, emphasizing its numerous benefits for physical, mental, and emotional health. Ms. Sawant, a certified yoga instructor with expertise in various yoga styles, guided participants through a format that included yoga postures, breathing exercises, and relaxation techniques.

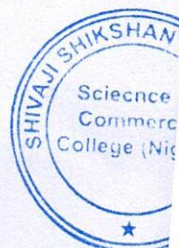

Regular yoga sessions will be held on specified days and times, either at a designated space or virtually via provided links. These sessions are open to individuals of all fitness levels, with modifications available to accommodate different abilities. Participants were encouraged to bring yoga mats, towels, and water bottles, with a limited number of mats available if needed. Details on the registration process and any associated costs were also provided.

The benefits of yoga practice were highlighted, including improved physical health through increased flexibility, strength, and cardiovascular health; enhanced mental well-being by reducing stress, improving concentration, and promoting better sleep; and greater emotional balance by cultivating mindfulness, inner peace, and emotional resilience. Guidelines for participants included arriving early to prepare for the session, maintaining respectful behavior towards the instructor and peers, listening to their bodies to avoid overexertion, staying hydrated, and approaching each session with openness and enjoyment.

Report on Language and Communication Skills – Read Aloud

On 26th November 2022, Dr. Susheel Joshi conducted a session on "Language and Communication Skills – Read Aloud" from 7 pm to 8 pm in Room No. 307 of the college building. The session aimed to promote the practice of reading aloud to enhance language and communication skills within the community. Reading aloud improves pronunciation, fluency, comprehension, and boosts confidence in public speaking and communication.

Regular sessions are scheduled on specified days and times, either in a designated space or virtually via a session link. Dr. Joshi, a skilled communicator experienced in language instruction, facilitated the session. Participants took turns reading passages from literature, poetry, or articles, with materials provided or participants bringing their own selections. The sessions are open to all ages and language proficiency levels, with details on registration and any associated costs clarified as needed.

The benefits of read-aloud sessions include improved pronunciation, enhanced fluency, expanded vocabulary, increased confidence in public speaking, better comprehension, and promoted community engagement. These sessions provide an opportunity for social interaction and shared learning, fostering a supportive environment for language development.

Report on Seminar held on Soft Skills – Enhancement of IT Proficiency.

On 28th January 2023, Ms. Pooja Rasam conducted a session on "Soft Skills – Enhancement of IT Proficiency" from 7 pm to 8:30 pm in Room No. 307 of the college building. The session focused on the importance of soft skills in complementing technical expertise, enabling IT professionals to communicate effectively, collaborate efficiently, and adapt to evolving workplace dynamics.

Key areas covered included:

- 1. Communication:** Emphasized the need for effective communication to convey technical concepts to non-technical stakeholders, facilitate teamwork, and articulate ideas clearly, bridging the gap between technical jargon and layman terms.
- 2. Teamwork and Collaboration:** Highlighted the importance of fostering mutual respect, active listening, and conflict resolution abilities to leverage diverse perspectives in solving complex problems and delivering innovative solutions.
- 3. Adaptability:** Addressed the need for IT professionals to embrace change, continuously learn, and be open to new ideas to thrive in dynamic environments and remain resilient in the face of challenges.
- 4. Problem-solving:** Focused on enhancing critical thinking, creativity, and analytical abilities to empower IT professionals to troubleshoot technical issues, analyze complex problems, and devise effective solutions.
- 5. Time Management:** Stressed the importance of setting realistic goals, organizing workflows, and managing distractions effectively to maximize efficiency and consistently deliver high-quality results.

I/C Principal
Shivaji Shikshan Sanstha's
Science & Commerce College (Night)
Dr. Ankush Shankar Gawade Marg,
Pantanagar, Ghatkopar (E), Mumbai- 400 075.

6. Leadership: Discussed the value of cultivating empathy, fostering mentorship, and leading by example to guide teams, inspire innovation, and drive organizational change.

7. Emotional Intelligence: Highlighted the importance of self-awareness, self-regulation, empathy, and social skills in building strong interpersonal relationships, managing conflicts, and fostering a positive work environment.

The session underscored how developing these soft skills enhances IT proficiency, making professionals more adept at navigating the complexities of the modern workplace and contributing to their overall professional growth.
